

埃及ACID新系統說明

中華民國對外貿易發展協會

背景說明

- 本新系統的目的在於簡化程序、提升海關放行效率，以降低貨物和服務成本和市場價格，並消除欺詐和來源不明商品。
- 埃及政府原規畫2021年7月1日正式起用，但延長試運行至9月底後，將強制性施行日推遲至同年10月1日。
- 目前海運已強制施行，2022年埃及政府宣布範圍擴大至空運貨品，但是目前為止尚未實施，有待觀察。

ACI系統架構

- ACI 系統為埃及海關數位化作業系統，係出口國裝運前階段到抵埃港口的文件作業，該系統透過加密方式傳送文件，可節省文件認證費用與時間，對於實際的貿易流程影響有限。
- 為方便主管當局批准運輸和啟動必要程序，該系統在貨物裝船出口前，即接收進口商及出口商的電子數據和文件。

常見疑問 1

- Cargox 可靠嗎？
- 該系統由埃及海關指定，並授權位於斯洛維尼亞的軟體業者來執行，所有與埃及貿易之出口廠商皆須強制使用該系統。

常見疑問 2

- Cargox 註冊要儲值多少點數?
- 依經驗，須註冊消費+傳送ACID封包，建議可預先購買點數200點。

常見疑問 3

- National Company Registration Number和VAT欄位如何填寫？
- 前者可填寫統編；後者建議空白。

常見疑問 4

- Cargox 註冊中，如何加速公司認證？
- 依目前經驗，可於經濟部國際貿易局網站下載公司登記資料作為附件。

常見疑問 5

- 上傳ACID須含哪些文件？

- **5份文件：**

Packing (pdf), Invoice (pdf), Invoice (excel), COO (pdf),
Copy of B/L (pdf)4個pdf 格式 + 1 Nafeza-Specified
Invoice (excel格式)

常見疑問 6

- CargoX網站認證要支付150美金？
- 購買點數是認證必要過程，完成儲值點數購買，認證程序才算完成。

常見疑問 7

- 文件還需使館認證？
- 採用ACID系統後，可免除使館認證，節省費用，但COO需商會用印認證。

PS:中國大陸出口商習慣所有文件都由商會用印。

常見疑問 8

- 為何我司無法通過公司認證？
- **CargoX快速註冊指南：**

據CargoX要求，公司位址與營業執照須一致才能通過認證。購買信用積分須通過公司銀行帳戶，其他帳戶無法代付。如認證失敗，需提交公司營業執照翻譯件。該檔應為最近3個月以上，並須以英文簽發或由法院指定的司法翻譯(或公證人)翻譯成英文。

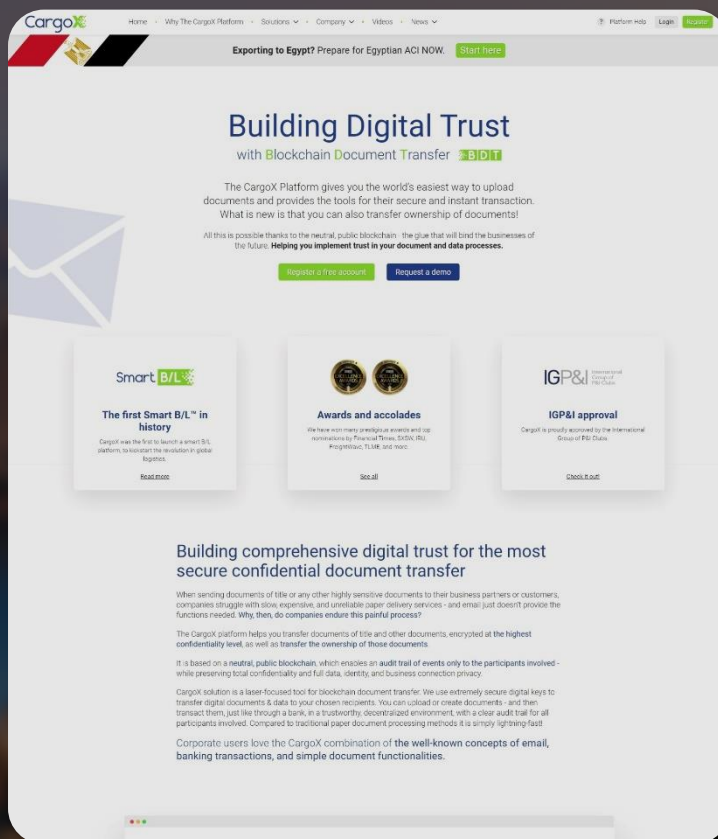

- **特別警告：**

若在 “My company | Company details” 中修改公司名稱、地址、註冊號或稅號/增值稅號，驗證狀態將無效，將需重新開機協力廠商驗證步驟。

The screenshot shows the CargoX website homepage. At the top, there is a navigation bar with links for Home, Why The CargoX Platform, Solutions, Company, Videos, and News. A prominent banner at the top right says "Exporting to Egypt? Prepare for Egyptian ACI NOW" with a "Start here" button. The main heading is "Building Digital Trust with Blockchain Document Transfer" with the B2B IT logo. Below this, a paragraph explains that the CargoX Platform provides the easiest way to upload documents and provides tools for secure and instant transactions, including the ability to transfer ownership of documents. A sub-paragraph states that this is possible thanks to a neutral, public blockchain, which is the glue that will bind businesses of the future, helping them implement trust in their document and data processes. Two buttons are visible: "Register a free account" and "Request a demo".

Below the main text are three featured sections:

- Smart B/L™ in history:** CargoX was the first to launch a smart B/L platform, revolutionizing the evolution in global logistics. (Read more)
- Awards and accolades:** We have won many prestigious awards and our nominations by Financial Times, FTSE, B2B IT, Entrepreneur, TIME, and more. (See all)
- IGP&I approval:** CargoX is proudly approved by the International Group of B/L Clubs. (See IGP&I)

The bottom section is titled "Building comprehensive digital trust for the most secure confidential document transfer". It discusses the challenges of sending documents of title or other highly sensitive documents and how the CargoX platform helps by providing the highest confidentiality level and transferring ownership of documents. It mentions that the platform is based on a neutral, public blockchain, which ensures an audit trail of events only to the participants involved, while preventing total confidentiality and full data, identity, and business connection privacy. It also notes that the CargoX solution is a laser-focused tool for blockchain document transfer, using extremely secure digital keys to transfer digital documents & data to your chosen recipients, and that the transaction is as simple as through a bank, in a trustworthy, decentralized environment, with a clear audit trail for all participants involved. Compared to traditional paper document processing methods, it is simply lightning-fast. Finally, it states that corporate users love the CargoX combination of the well-known concepts of email, banking transactions, and simple document functionalities.
