## Egyptian ACI filing via the CargoX Platform

中華民國對外貿易發展協會

# 背景說明

**ACID**，即預先申報貨物資訊，（由埃及進口商申請），是所有進入埃及貨物的強制性認證。做為裝運前事先向埃及海關當局提供有關輸入貨物的詳細資訊。

ACID, or Advance Cargo Information Declaration, is a mandatory certification for all cargo entering Egypt .It functions as a pre-shipment document, offering Egyptian customs authorities detailed insights into incoming shipments.

- 埃及Nafeza,the National Single Window for Trade in Egypt(類似台灣國貿署)選擇CargoX(總部位於斯洛伐尼亞的科技公司)做為上傳文件的平台
- 本說明將分享CargoX平台註冊帳號實務操作經驗，
- 實際操作所產生的問題因人而異，僅供參考。

## 步驟三 購買點數

# 實務經驗分享

**Get verified**

The Company verification process on the CargoX Platform consists of two external checks - bank verification and 3rd party verification service. Passing both is mandatory to reach the verified status (indicated by a green Verified icon next to your company name above). Some actions and services on the CargoX Platform are only available to verified companies (Egyptian ACF filing is one such example).

**Create your company profile**

Your first step towards getting verified is done. Your company has an account on the CargoX Platform.

**Buy units (U) via bank transfer**

The first part of the verification is tied to your bank. Purchase some units by clicking the green Buy button or through the Billing menu on the left. Payment must be completed using bank wire and must originate from your company's bank account, as we use the payee information to validate your company details. When the match is confirmed, this part of your company verification is complete.

**Verify your company via 3rd-party verification service**

Your country's official national company registry is used to validate the company details (full company name, address, and your company's legal entity identifier or registration number) that you provided when registering on the CargoX Platform. They must match the official record. Before starting the verification, please double-check all company details, including your registration number and your VAT or tax number (if you have one). If needed, click the Edit company details button below to review and update them.

We strongly recommend that you enter all other identifiers such as D-U-V-S, EORI, and LEI numbers, if you have them (not required).

You will be charged 15.00€ for this verification. Only regular units can be used for this service.

點擊左下角“ My company ”的“ Get verified ”後，介面將顯示檔案上傳前需完成的兩項作業：

1. 購買點數
2. 完成公司第三方認證

# 實務經驗分享

## 1. 購買點數:

點擊左欄 **Buy units** 購買。

單位1U = 1 USD

建議初次購買最少200U，以下為明細：

1.公司第三方認證需15 U

2.每個Egypt ACI 信封費用為160 U

3.信封內需五個文件 = 5 x 每個文件3 U = 15 U

# 實務經驗分享

How many units (U) do you want to buy?

Select amount by moving slider or by writing number into field below.

15 U

\* Amount of units (U)

200

Minimum purchase: 15 U

You will receive:

200 U

2. 填寫購買單位後，  
**CargoX**會開立**Invoice**，初次購買需以公司帳戶(與登記書名稱相同)到銀行匯款(告知行員要**SHA(Shared)**，並負擔**USD 6**的部分手續費，第二次後可用信用卡購買但刷信用卡須收取服務費**4%**。所以還是以銀行匯款較划算

# 實務經驗分享

## 步驟四 第三方認證

# 實務經驗分享

Pro-forma invoice 343331-211000110 has been issued

The following pro-forma invoice has been issued:

Pro-forma invoice number: **343331-211000110**

To pay: **US\$150.00**  
Payment due date: **5 Nov 2021**

#### Payment instructions

**Include payment reference number into your payment's remittance notes or reference field** or the received funds might not be credited to your company.

**Only send payments from your company's bank account.** Payments from 3rd parties are prohibited and will be rejected.

**When paying in USD, instruct your bank that you will cover all bank transaction costs (SWIFT setting: "OUR")**, as otherwise your account will only be credited for the received amount.

You can see details of all invoices in the [Billing](#) section on the CargoX Platform.

Best regards,  
Your CargoX Team

3. 匯款完CargoX收到費用後(上班期間)會收到CargoX寄來的mail, 內容告知已收到款項。

4. 此時可以按下Verify your company via 3rd party 做第三方認證

※ **Excel IV**的格式完全不可以更動! 任何欄位或工作表都不可以刪除! 埃及海關會用此檔案和**ACID**資料交叉比對用

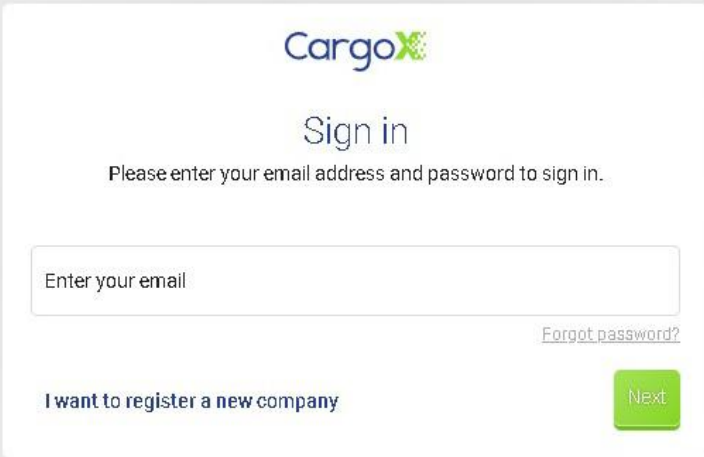

※ 中文範本填完後只刪除中文註解部分，再另存新檔，檔名可以用**ACID** 號碼, 就可以上傳**Cargo X**了

※ 五份文件在船到港前**48**小時上傳即可, 所以可待**On Board** 後有提單號碼和產證號碼後再上傳文件

※ 上傳前建議先請客戶確認所有文件內容如**Port of Discharge**, 並同時修改文件上**Destination Port**的代號

**Q：是否能查詢目前ACID NO是否仍有效？**

The screenshot shows the "(ACI) Request validator" page. The main heading is "(ACI) Request validation" with the instruction "Please read the instructions carefully." Below this, a green checkmark icon is displayed above the text "Valid ACID" and "Expires in: 25 Apr 2022". A "Back" button is located at the bottom left. To the right, there is a section titled "What is Verifying the Validity of ACID" with a yellow background, explaining that it is an e-service provided by Nafeza Platform. At the bottom right, there are links to "Download the Nafeza app now" with buttons for the App Store and Google Play.

**A：如果仍在效期內會出現綠色勾勾，截圖給船公司證明有效，船公司就會讓你訂船，請參考此網頁：**

**Q : Invoice跟COO需要阿曼簽證嗎？**

**A : 埃及海關已取消認證規定(2021.10月), Invoice和送埃及託收銀行的原始文件均不需商會簽核。但COO需要，因此辦理COO時, 原始文件報關行會要此次出貨工廠, 並讓商會蓋章, 之後再掃描成pdf檔**

**Q：ACID申請多久期限內要出貨？若因故未出或是船期更改延期是否得重新申請？**

**A：自申請日開始 ACID有效期為6個月，出口商可自行評估出貨前多久需要收到ACID, 以便文件作業。因故未出貨或船期更改延期，只要貨物尚未ON BOARD不需重新申請ACID, 惟需注意ACID有效期的問題 (應包含1個月的海運時間)**

**Q：**若埃及付款方，跟埃及收貨方不同，出口商文件要以誰為準？由誰申請**ACID**？

**A：**通常PI上是哪家公司，即由該公司申請**ACID**。  
實際案例：付款的是A公司，收貨方是旗下的工廠名稱是B，雖然是同一個集團，但是公司名稱不同，**ACID**由A公司申請，文件也寄送給A公司，由A公司自行安排清關，但貨物送至B公司(工廠)。

**Q : Shipper註冊碼的3個組成格式為何？**

**A :**

**1.國家別：TW**

**2.公司型態01 或02 ( 台灣政府如果沒有特別分類，例如出口商或工廠代碼，可以免填)**

**3.最後是公司稅號，台灣是統一編號**

**台灣的SHIPPER 格式是TW+統一編號**

**埃及方面對SHIPPER註冊碼只有數字上限為17碼，沒有規定必須為17碼，該欄位主要是依據各國家主管機關核發的公司稅號，台灣業者就用統編了**
